

Advancing Interprofessional Management of Substance Use Disorders in Saskatchewan (AIMS-SK)

April 18 - 20, 2024

Hosted virtually via Zoom

Module 1 | Foundations of Harm Reduction & SUD

Module 2 | Opioid Use Disorder

Module 3 | Alcohol Use Disorder

Case-based distance learning program

Target Audience:

Physicians, Pharmacists, Nurse Practitioners, Nurses, Dentists, Social Workers, Addiction Counsellors, Paramedics, and other health care professionals are encouraged to attend.

Overall Program Learning Objectives:

At the end of this program, participants will be able to:

- Describe the foundational principles and importance of harm reduction for people living with a substance use disorder (SUD)
- Effectively support people with a SUD in the participant's care setting
- Recognize appropriate opioid prescribing and dispensing
- Identify healthcare provider supports available when supporting people with a SUD

AIMS-SK full program meets the OATP requirements for physicians and nurses.
