

# Are you a social worker or social work student with experience providing virtual care?

We would like to hear your perspectives on the knowledge and skills that are required to provide virtual healthcare, inclusive of mental healthcare, via video or telephone

## To participate in this study, you must:

- + Be a social worker or social work student in Canada
- + Provide physical or mental healthcare
- + Have experience providing virtual care (e.g., video- or telephone-based care)
- + Be open to participating in an online focus group

*\*Focus group participants will receive a \$20 gift card.*

## Study information:

**Study:** "Developing Virtual Care Competencies for Social Work Practice in Physical and Mental Healthcare"

**Principal Investigator:** Anne Kirvan, MSW, RSW

*\*This study is being completed as part of a PhD Dissertation. The research study has been approved by the University of Toronto Research Ethics Board [#00043515].*
